Personal information:

Began working in the department of contracts in 2011, at that time I was a second year student of the Ukrainian Academy of Printing. Popopratsyuvav I was there for 4 years and then I became interested in web browsing. And so from 2015 I have been doing web development. Considering my experience is not great, I had commercial projects. I believe that the project should bring not only income, but also new knowledge.

Credo: Never Cease to learn

Skills:

Ruby on Rails
JS
HTML
CSS
Git
Bootstrap3
jQuery
